

LIFE FOR HER IS NO WALK IN THE PARK

EVERY WEEK, 8 Aussies will end up confined to a wheelchair through injury to their spinal cord. StepAhead Australia is searching for a cure and they need our help.

Lions Australia Spinal Cord Fellowship

"ONE SMALL STEP ..."

We believe that a very effective and easily administered treatment for chronic spinal cord injury is just around the corner. **This is a breakthrough of international significance that would not have happened without the support of the Lions of Australia.** Applying the component parts to this treatment will be tested in the treatment of spinal injured dogs. The Lions fellowships are critical to this work.
